

HOW TO: SEARCH & CREATE ASSIGNMENTS

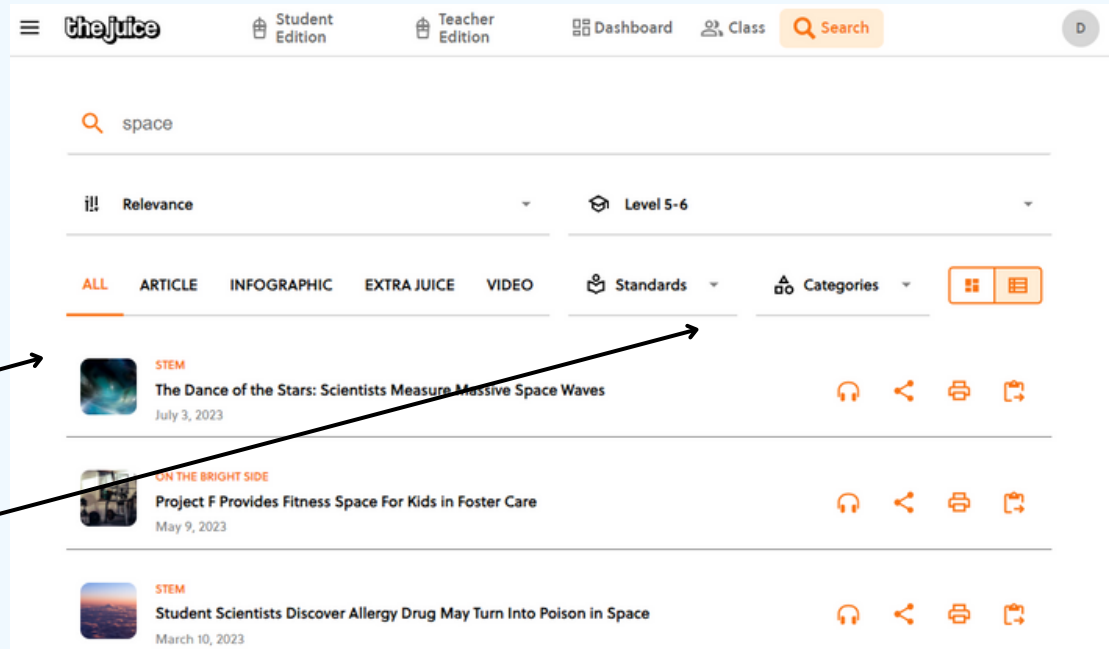

Searching for content and creating assignments in The Juice is easy, just follow the steps below!

SEARCH

Search for content in The Juice database by entering a search term.

Sort by Articles, Infographics, Extra Juices & Videos

Find articles based on category or standard

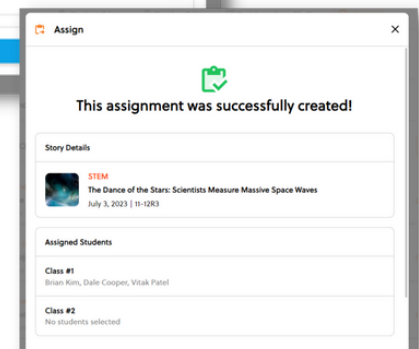

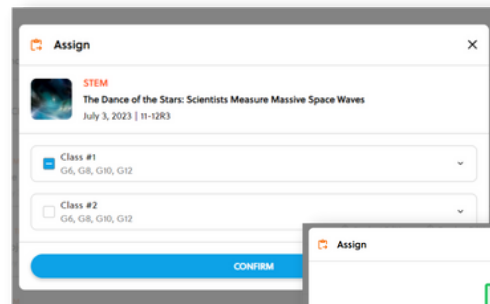

CREATE ASSIGNMENTS

Assign individual articles to students by selecting the assignment button in the search results or on a Daily Juice article.

After you select the class you can choose to assign the articles to all students, a group of students or an individual student.

You can view student performance on assignments in the "Class" tab.
