

How to: View Student Data & Reports

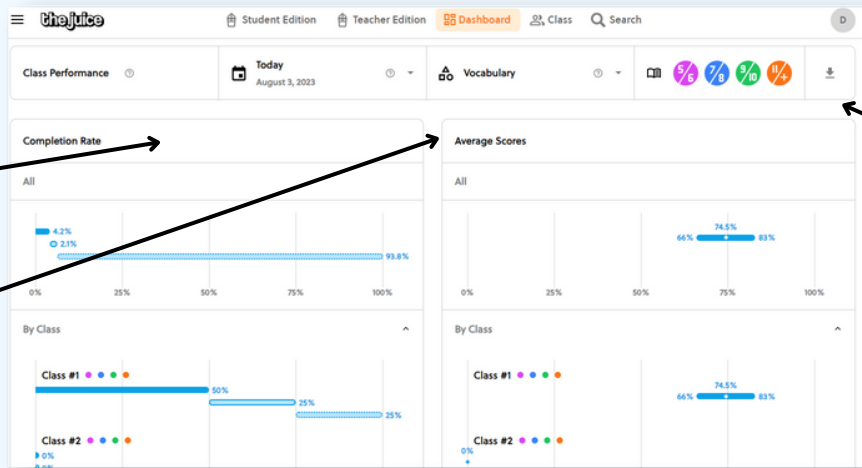

The Juice's teacher portal provides educators with actionable data and downloadable reports. Discover insights to plan for individual, small group or whole class instruction.

DASHBOARD

View classroom analytics on the "Dashboard" tab. Use the graphs to view completion rate and average score.

View performance by class and filter by date

Filter class data by category

Download a report

Scroll down to see class performance against learning standards.

Decide how you would like your data presented

Select reading level and download data

CLASS

View Daily Juice completion on the "Class Tab." Here you will also see Student Lifetime Achievements with how many articles and questions they have read in total.

Toggle between Daily Juices and Assignments
